

PUT A TORCH TO YOUR PIANO WITH THE LESLIE® MODEL 60 SPEAKERS.

Your electronic piano will come alive with red-hot sound. The Leslie Model 60 speakers create a unique, "cross referenced" sound that adds both drama and excitement to your performance. In addition, its variable vibrato control can be adjusted like a rheostat to give you as much vibrato as you want. Two independent 50 watt RMS amplifiers and 10" extended range speakers combine to create a powerful, full-spectrum musical output. The Leslie Model 60 speakers designed especially for electronic pianos. There's nothing that can match them!

Get hot with Leslie Speakers!

Also available in all-wood cabinet as Model 70. For a full-color brochure on the complete Leslie combo line, including all key specifications, scale photos and function diagrams, just send a self-addressed stamped envelope to: Leslie Speaker Combo Catalog, 56 West Del Mar Ave., Pasadena, Ca. 91105.
