

# THE MOST EXCITING PORTABLE SPEAKER CABINET EVER DESIGNED FOR PROFESSIONAL MUSICIANS.

**MORE POWER.** The Leslie Model 900 is equipped with an amplification system more than twice as powerful as any of the standard single-channel Leslie speakers.

**GREATER VERSATILITY.** A single channel input is divided into three independent channels of amplification, each with its own speaker system. The treble and bass are electronically separated to achieve greater clarity and strength. The reverb has a unique Leslie tremolo generator that adds just the right amount of warmth, while retaining a bigness of sound and depth of tone. For combo instruments there's versatility another way, too. With a pre-amp it can simultaneously handle two single channel organs, or one guitar and one organ, or two guitars or any other amplified musical instrument.

**A NEW DIMENSION OF SOUND COLOR.** The taller size of this Leslie "Pro" speaker provides a larger resonant cavity, and hence a better, more exciting pedal bass.

**PORTABILITY.** This Leslie moves in style! The cabinet divides into two separate sections for easy handling. It is transistorized, thus resists shock and vibration. Convenient hidden recessed handles make it easy to lift. Quality casters on the bottom section make it easy to move. The handsome exterior is covered in the finest type luggage vinyl, reducing the chances for injury to the finish. So plug in and turn on. Today! These exciting new Leslie "Pro" speakers are now available from your nearest franchised Leslie dealer. After you hear the new "Pro," you'll never be satisfied with anything else!
